

SIBANYONI SIFISO SIYABONGA

Location: 7540 Daantjie Trust, Mpumalanga **Phone:** 068 196 5181 **Email:** sifisosibanyoni64@gmail.com
Portfolio Link: <https://sifisosiyabonga.github.io/SifisoTheEngineerPortfolio.io/>
Languages: Siswati, English

PROFESSIONAL PROFILE

I am a motivated and technically skilled final-year Computer Systems Engineering student at Tshwane University of Technology, with hands-on experience spanning both hardware and software systems. I possess a solid foundation in microcontroller programming (C/C++), PLC logic development, digital electronics, and network architecture. Passionate about software development, embedded systems, and IT infrastructure, I bring strong diagnostic, technical problem-solving, and collaborative team leadership capabilities to engineering roles.

EDUCATION

Diploma in Computer Systems Engineering (Extended) 2022 - Present (Expected to graduate 2027)
Tshwane University of Technology — Pretoria, South Africa

- **Key Modules:** Digital Electronics & Electronic Circuits, PLC Programming (Ladder Logic, Instruction List), Network Systems, Artificial Intelligence (Machine Learning Agents), Operating Systems (Linux-based).
- **Programming Languages:** C, C++, C#, Java, Python, Assembly (PIC), SQL, HTML, CSS, JavaScript, React.
- **Engineering Tools:** Arduino, Proteus, Microchip Studio, Quartus Prime, MATLAB, Processing, Git, VS Code.
- Developed proficiency in C programming for embedded systems, including low-level hardware control, microcontroller interfacing, and real-time application design.

National Senior Certificate 2020
Mayibuye Secondary School

- **Subjects:** Mathematics, Physical Sciences, Life Sciences, Geography, English, Siswati, Life Orientation.

WORK EXPERIENCE

Auto Electrical Assistant Jan 2021 - Dec 2021
Wellzz Auto — Randburg, South Africa

- Diagnosed and systematically resolved intricate electrical faults in diverse motor vehicles.
- Performed battery testing, alternator and starter motor overhauls, and custom wiring installations.
- Utilized specialized automotive diagnostic software and equipment for precision fault-finding.
- Maintained rigorous workshop safety standards and managed tools and inventory control.

LEADERSHIP & VOLUNTEER EXPERIENCE

Class Representative (Artificial Intelligence Module) Jul 2025 - Nov 2025
Tshwane University of Technology

- Served as the primary liaison between faculty members and a large student body to improve academic delivery.
- Organized productive peer-led study groups and managed feedback loops for course improvements.

Class Monitor

2020

Mayibuye Secondary School

- Coordinated classroom communications, supported administrative requests, and maintained student discipline.

KEY SKILLS

Hardware & Electronics	PLC Programming, Digital Logic Design, Circuit Diagnostics, Embedded Microcontrollers
Software & Programming	C, C++, C#, Java, Python, SQL, HTML/CSS, JavaScript, Assembly
Networking & OS	TCP/IP Architecture, Routing & Switching, Linux Systems Administration
Development Tools	Arduino IDE, Proteus Simulation, Microchip Studio, Quartus Prime, Git, Unity
Professional Attributes	Technical Troubleshooting, Team Collaboration, Agile Methodologies, Project Management

CERTIFICATIONS

FNB App Academy

2025

- Developed a strong foundation in contemporary FinTech frameworks and user-centric digital product strategies.
- Enhanced problem-solving frameworks, agile readiness, and cross-functional collaborative workflows.
